ACADEMIC AWARDS

Outstanding CS Student 2022 is given to the most outstanding student in the IT Academy program.

FINE ARTS AWARDS

Outstanding Percussion Section Member 2025 highlights the director's recognition in leadership, consistent performance, reliability, and dedication.

Outstanding Musician 2025 is voted and chosen by students to applaud comprehensive understanding over the music and demonstrated leadership throughout the season.

Patrick S Gilmore Award 2022 outlines my dependability to the director and cooperation with struggling students.

EDUCATION

University of Wisconsin Whitewater

5/26

Completed Courses: Data Structures, Intermediate C++, Database Management Systems, Embedded Systems, Differential Equations, Applied Statistics

Project Portfolio: <https://branandr1.github.io/>

Kansai Gaidai University

2/24-6/24

Studied abroad in Japan over the Spring 2024 Semester. Kansai Gaidai creates an authentic Japanese living environment, maximizing the ability to learn and study the language.

EXPERIENCE

Leadership Intern - Camp Invention

Mukwonago, WI | 7/18-7/23

I worked with teachers to help inspire creativity and problem solving in a one-week day camp for 5 summers. Students learn about famous inventors and create their own inventions from recycled materials collected throughout the year.

Code Sensei – Code Ninjas

Brookfield, WI | 8/20-6/21

I led children in programming projects and guided them when problems inevitably arose. Students began their journey in Scratch, and as they earned new belts moved to more complex languages like JavaScript, C#, and Lua.

Stocking 2 – Walmart

Waukesha, WI | 5/22-Present

Unloaded freight at the beginning of the shift and distributed the product throughout the store.

Teaching Internship - Asahi Elementary School

Katano, Japan | 6/24

Kansai Gaidai University grants students the opportunity to teach English at Japanese schools. This gave school children the opportunity to talk with me as a foreigner and allowed me to grow my Japanese language skills.
